County 4-H Jr. Council Holds Banquet

The Rock County 4-H Junior Council held its annual recognition banquet on Friday evening, November 28, 1969, at the Cargill United Methodist Church in Janesville. Featured speaker of the evening was Mrs. Verna K. Gruhlke, author of the book "To Hell With the Kids." The awards to the outstanding Rock County 4-H members in 1969 were presented as follows: Achievement Awards—Probably the most important accomplishments that 4-H members can make in their careers are those that occur in the general overall areas of the 4-H club work, rather than specific accomplishments within a project or activity area. The Ford Motor Company feels that this is true, too, and each year offers an award to outstanding young people in the area of their overall contributions in 4-H. In selecting people for these awards, we look for outstanding project record, a continued leadership program, and a well rounded choice of 4-H activity work. This year's winners are: David Schmerse-

Rotary Awards To Outstanding 4-H'rs

Since 1945, the Janesville Rotary Club has been honoring the outstanding 4-H boys and girls in Rock County each year. These awards based on the accumulative records of the 4-H members in their overall 4-H program, are some of the most highly valued awards given in the 4-H program. In the almost 25 years that Rotary has been assisting with this part of the 4-H program the Rock County 4-H enrollment has increased by well over 1,000 members. Because of this increase, both the Rotary club and 4-H program have felt that it would be good to increase the number of awards given, and so for the first time, in 1969, two outstanding 4-H boys and two outstanding 4-H girls have been selected to be honored by the Rotary Club.

Selected were: Harold Abey, Jr.—an 8th year member of the Evansville 4-H Club, Harold has been active in the dairy, crops, beef, tractor maintenance, and Jr. Leadership projects, along with the Safety Activity. Harold is 18 years old and the son of Mr. and Mrs. Harold Abey, Rte. 1, Brooklyn. In his 4-H project work, Harold has developed his dairy project from two animals to a partnership with his father of 150 dairy animals. His crops project began with 5 acres and now numbers 240 acres in size. He has been active in 4-H speaking and demonstrations for 5 years both on a club and county level. Harold serves his local club as a Jr. Leader as well as it's president and the president of the Rock County 4-H Jr. Council for the 1969-70 year.

Randy Luety-Turtle 4-H club, Susan Carroll-Newark-Beloit club and Carole Reed-Milton 4-H club were others selected.

This type of damage can occur on any farm machinery with engines—self-propelled combines, pickers, balers, forage harvesters, tractors and lawn mowers. Alberts says that freezing can
