Susie and Frank Porter have returned from their visit with happy faces. They had a good time.

The members of the Dramatic Club are so sorry they offended Daniel Webster when they declined his polite offer to sing for them, for he has given them such a good send off that it is too bad he is not one of them as he wished to be.

COOKSVILLE.

April 25.—Raw cold days, wind in the northeast most of the time and farmers getting discouraged already.

Charles Miller shipped his cattle last week; he struck a better market than some of the neighbors preceding him. One of his heaviest steers died of drop-sy a few days before he shipped and that was not clear gain.

Mrs. J. A. Savage and Avis visited Janesville last Saturday.

If you wish to see fat cattle, call at Lys Millers near Milton and you will say that they are the nicest you ever saw. He expects to ship the first of May.

Louis Erickson is building a large kitchen and new piazza to his house. Everybody is painting or improving their home in some way.

Old friends and neighbors have received the past week very beautiful Easter Cards in memory of Mr. and Mrs. H. Stebbins. They were sent by their daughter, Mrs. Minnie Savage.

Rev. Mr. Porter an Evangelist, and cousin of Joseph, Isaac and the late Wm. Porter, preached in the church here last Sabbath afternoon and evening. Circulars had been sent out announcing it and a large congregation assembled to listen. All were pleased and some old members more than pleased.

Maple sugar is now in the market; it don't cost much and so we use the other kind.

Hope J. E. Hoisington will succeed in renting his rooms to a "single lady without children."

NOTICE—We hope the people of Cooksville and vicinity will not let the jots from Jotter No. 2 of the Evansville Gimlet rest in their crops long, as they have been very much misrepresented.

Jotter No. 2 is now resting, as the law has changed regarding the jumping of board bills, and having nothing else to occupy his attention he follows up the Cooksville Entertainments to see what he can write up. He always receives Comps. so people can see what his massive brain can conger up.
